FIG. 1 is a schematic diagram of a cross-section of a device. The device has a large, rounded upper portion (10) and a narrower lower portion (24). A dashed rectangular box (32) is positioned above the upper portion. The lower portion features two vertical slots (30 and 30') and two vertical dashed lines (36 and 36'). The bottom of the device is labeled 38 and 38'.
